#### It's all about THE BREWS

Almost Heaven Amber Ale: Nut brown in color and lightly hopped with Willamette, this beer is dominated by a pleasing caramel finish that is darn close to heaven.

Cold Trail Ale: An easy drinking American blonde, the grist bill for this beer includes a healthy dose of wheats and oats. Light in body, it is the perfect finish to a day's activity. Unfiltered.

Seneca Indian Pale Ale: A highly hopped, moderate bodied beer that comes in at 5.2% ABV. Seneca is tuned perfectly to provide the hop explosion that IPA fans seek without the lingering bitterness.

Miner's Daughter Oatmeal Stout: Coal Black and Creamy Smooth, this beer holds a light tan head and is surprisingly light in body, so it won't fill you up.

and some great local food too!

# TIPPING TIPPIN

Some find tipping gratifying. 35% of U.S. adults say they feel good when they leave a generous tip.

#### **ADDITIONAL TIP:**

Some restaurants include a menu item such as "Beers for the kitchen," where you can add several extra dollars to your bill to tip the cooks and dishwashers behind the scenes.

Despite how commonplace tipping is it can still seem confusing to understand how much to tip. Though common advice says to tip 15 to 20% here are some additional tipping tips.

#### **HOW MUCH TO TIP AT RESTAURANTS**

The size of a restaurant's gratuity depends on how well you're served, including whether your order is correct and whether your server checks on you after you receive your food. Even if the service is poor, it's recommended you leave at least 10%.

Check the tab some places add a gratuity to the bill. You may or may not want to supplement that.

For the wait staff at sit-down restaurants, the tip should be 15 to 20% of the pretax bill. Tips are not necessary at fast-food restaurants.

#### **HOW MUCH TO TIP AT BARS**

Common expectations when ordering drinks at a bar are to tip \$1 per drink like beer or wine, and \$2 per cocktail, which takes more work to make.

For open bars, it's advised you tip at least \$1 per drink. When bars have specials such as a two-for-one, best practice remains to tip for each drink you receive.

If you know you'll be ordering multiple drinks over the course of a night, tipping \$5 on the initial drink and then \$1 for each drink after can be a show of goodwill to the bartender.

#### HOW MUCH TO TIP AT COFFEE SHOPS

Just like alcoholic drinks, tipping around 10 to 15% on coffee, or about \$1 per coffee. Many people, when paying with cash, will tip their change.

#### HOW MUCH TO TIP DELIVERY DRIVERS

Delivery fees can be quite high, but that money usually doesn't go to the driver.

Delivery companies advise paying a 20% tip on the total cost of your meal – if the delivery goes smoothly. If your area has severe weather, the driver has to walk up several flights of stairs or if you are making a large order, tipping extra shows your appreciation.
